

Kaleb – 2014

Kristopher – 2015

Get your toy out because Kaleb and Kristopher are ready to play!

No broccoli for Kaleb! While he is a healthy eater, Kaleb is not a fan of vegetables. He is an active toddler that stays busy – he enjoys being out side where he can play ball and run around. Kaleb can be shy at first but is quick to warm up. Other favorite activities he enjoys doing are reading books and stacking blocks.

Full of smiles, Kristopher is a happy and social baby! He is easy going and enjoys sitting on the floor playing with toys. Kristopher is a great eater and has been trying a variety foods – he hasn't found one he doesn't like yet.
